

Seattle Indian Health Board

For the Love of Native People

June 20, 2011

Dear Interested Party,

The Seattle Indian Health Board is pleased to share with you a copy of the report, *'Actualizing Health Care Reform for Urban Indians: An Action Plan from the Urban Indian Health Summit.'*

Developed from the Urban Indian Health Summit, a health care reform event held in January 2011 in Washington D.C., this report serves as a Call for Action that outlines strategies to ensure the success of health care reform for urban Indians. It is intended to prompt an ongoing discussion that is responsive to feedback from urban Indians, the organizations that serve them, urban Indian health professionals, practitioners and others.

The Seattle Indian Health Board would also like to take this opportunity to thank the Robert Wood Johnson Foundation for its sponsorship of the Urban Indian Health Summit and production of the report.

I encourage you to visit the Urban Indian Health Summit's project website at www.uihi.org/summit. Here you will find additional information on the Urban Indian Health Summit, as well as resources related to health care reform.

Should you have any questions, please feel free to contact the Seattle Indian Health Board's Urban Indian Health Institute at info@uihi.org or (206) 812-3030.

Sincerely,

Ralph Forquera, Executive Director
Seattle Indian Health Board
