Resources

Patient Centered Medical Homes

[The Commonwealth Fund](#) has released a report: [Transforming Community Health Centers into Patient-Centered Medical Homes: The Role of Payment Reform](#). This report examines how changes in the way federally qualified health centers (FQHCs) are financed could support the transformation of these providers into patient-centered medical homes.

Suicide Prevention Resources: Early Identification, LGBT

[The Substance Abuse and Mental Health Services Administration](#) has released a guideline report: [Recommendations for Youth Suicide Prevention Training for Early Identification and Referral \(Gatekeeper Training\)](#). This report makes recommendations to community based organizations that implement training to support early identification and referral of potentially suicidal youth, gatekeeper training. Read the report [here](#).

Suicide in the Lesbian, Gay, Bisexual, and Transgender (LGBT) community has received media attention and this report, [Talking About Suicide & LGBT Populations](#), from the [Movement Advancement Project](#) (MAP) gives recommendations on how to talk about suicide safely and effectively in order to better support the well being of LGBT people. [Visit MAP](#) for links to resources on suicide and LGBT populations.

Maternal and Child Health: Best Practices Database, Optimizing Service Delivery

[Innovation Station](#) is an online searchable database from [The Association of Maternal and Child Health Programs](#) (AMCHP). Visit [Innovation Station](#) for emerging, promising, and best practices in maternal and child health.
