

Resources and Opportunities

Provided by the Urban Indian Health Institute
A division of the Seattle Indian Health Board

19 December, 2011

This e-mail is provided by the Urban Indian Health Institute, a division of the Seattle Indian Health Board. It contains opportunities for staff development, grant announcements and other relevant public health information. We hope you find these resources useful. If you have any questions about the information below, or you are unable to open any of the links, please contact info@uihi.org. If this e-mail was forwarded to you, you may sign up [here](#).

New Community Health Profile

2011 Community Health Profile now available

The UIHI is pleased to release the [Community Health Profile: National Aggregate of Urban Indian Health Organization Service Areas \(December 2011\)](#), an update to the *Community Health Profile (2009)*. This report examines the health of American Indian/Alaska Natives (AI/AN) living in all [urban Indian health organization \(UIHO\) service areas](#) combined. It presents data from the 2010 U.S. Census, the American Community Survey (ACS), the Behavioral Risk Factor Surveillance System (BRFSS), the U.S. Center for Health Statistics, and the Air Quality System Data Mart.

The UIHI welcomes input on our reports. If you have any comments or questions please contact Noa Kay, Project Coordinator, at 206-812-3041 or noak@uihi.org.

Job Announcement

[Director of American Indian Health, Minnesota Department of Health](#)

The American Indian Health Director provides expertise in navigating and coordinating services within the unique system of health care for American Indians in Minnesota. The Director works with American Indian tribal leadership and tribal based programmes as well as community-based organizations to strategize and implement health improvement programs that are specific to each tribal, urban, or rural community. **Position closes December 30, 2011.** To learn more about this announcement [click here](#).

Training

[Native American Research Internship at the University of Utah](#)

The Native American Research Internship is a dynamic summer research opportunity for Native American undergraduate juniors and seniors who are interested in Health Science research. The internship is a 10-week paid summer internship located at the University of Utah in Salt Lake City, Utah. The focus is to provide Native American students an outstanding laboratory or clinically based research experience working alongside world class research faculty at the University of Utah. No previous research experience is required.

Deadline to submit: February 24, 2012. For more information contact Richard White at Richard.white@hsc.utah.edu. You can also [visit the website here](#).
