Request for Proposals: Spirit of EAGLES Community Project Funding

In recognition of disparities in cancer occurrence in minority peoples, the National Cancer Institute (NCI) has funded Special Populations Networks, including the Spirit of EAGLES based at the Mayo Clinic Comprehensive Cancer Center. Spirit of EAGLES strives to increase community awareness and understanding of cancer by providing competitive grant funding for community based cancer projects. This funding opportunity is intended to build AI/AN community capacity while adhering to the principles of community-based participatory research (CBPR). Urban programs and other non-profit organizations are encouraged to apply.

Application Deadline: August 15, 2012
Fellowships

HHS External Innovation Fellows Program

The Health and Human Services (HHS) Innovation Fellows program enables agencies to bring on-board external experts and entrepreneurs to work with internal "Host Innovation Fellows" in taking on some of our Department's toughest challenges. The HHS is looking for talented and innovative individuals to serve for a period of six to twelve months in HHS's Host Innovation Fellows Program.
