This e-mail is provided by the Urban Indian Health Institute, a division of the Seattle Indian Health Board. It contains opportunities for staff development, grant announcements and other relevant public health information. We hope you find these resources useful. If you have any questions about the information below, or you are unable to open any of the links, please contact info@uihi.org. If this e-mail was forwarded to you, you may sign up here.

Funding Opportunity

Telehealth Network Grant Program

The Health Resources and Services Administration solicits applications for the Telehealth Network Grant Program (TNGP). TNGP networks are used to: (a) expand access to, coordinate and improve the quality of health care services; (b) improve and expand the training of health care providers; and/or (c) expand and improve the quality of health information available to health care providers, and patients and their families, for decision-making.
Application Deadline: **February 13, 2013**  
Award Amount: **$250,000**

More information about the [Telehealth Network Grant Program](#) can be found online.

**Fellowship Opportunity**

**NIH Clinical Center Summer Internship Program**

Applications are now being accepted for the 2013 National Institute's of Health (NIH) Clinical Center Summer Internship Program. The summer internship program is open to students in high school, college, graduate programs and health professional schools including nursing and medicine. Students work with Clinical Center mentors, participate in the NIH Research Poster Festival and attend weekly lectures presented by NIH investigators.

Application Deadline: **March 1, 2013**  
Award Amount: Students will receive a monthly stipend that is based on education level and experience.

More information about the [Clinical Center Summer Internship Program](#) can be found online.

**Conference**

**Endocrine Society Diabetes Mellitus Summit**

The goal of the Reducing Health Disparities in Type 2 Diabetes Mellitus Summit is to bring together scientists and clinicians working on health disparities in endocrine-related disorders and to facilitate collaborative networks that will contribute to build programs that help reduce and ultimately eliminate global endocrine health disparities. Participants in the conference will share information on current activities, programs and policies that target health disparities in type 2 diabetes mellitus.

**Reducing Health Disparities in Type 2 Diabetes Mellitus Summit**  
March 22-23, 2013  
Baltimore, MD

Early Registration closes March 18, 2013.  
More information about the [Diabetes Mellitus Summit](#) can be found online.

**Training**

**Cultural Awareness: Children and Youth in Disasters Podcast**

The Substance Abuse and Mental Health Services Administration (SAMHSA) has developed a 60-minute podcast, Cultural Awareness: Children and Youth in Disasters, to assist disaster behavioral health responders in providing culturally aware and appropriate disaster behavioral health services for children, youth, and families affected by natural and human-caused disasters.

Watch or listen to the [Cultural Awareness Podcast](#) online.
