Funding Opportunities

Family Violence Prevention and Services Discretionary Grants

This new funding opportunity will award cooperative agreements to implement culturally relevant, trauma-informed services for individuals and families impacted by domestic violence, dating violence, and family violence. The intent of this Family Violence Prevention and Services Discretionary Grant Program is to build and sustain organizational capacity in delivering trauma-informed, developmentally sensitive, culturally relevant services for children, individuals, and families affected by domestic violence and other trauma.
Award Amount: Approximately $200,000 per year for up to 4 years
Application Deadline: August 12, 2013

More information about the Family Violence Prevention and Services Discretionary Grants can be found online.

DentaQuest Foundation Innovation Fund for Oral Health

The mission of the DentaQuest Foundation is to improve the oral health of all. To achieve that mission, the Foundation makes strategic investments to impact the oral health of populations and support collaboration among local, state, and national partners. The Foundation is committed to supporting a diverse group of stakeholders engaged in the development of innovative solutions that impact optimal systems for specific communities, engage non-traditional partners to impact a broad range of determinants of oral health, promote new cost-effective models of cross-sector collaboration and financing to improve public health. The effective use of new technologies is a key element of innovation, both as a component of change programs and as the focus of proposal.

Award Amount: Varies
Application Deadline: Rolling

American Association of Diabetes Educators "Facilitating Behavior Change" Course

This online course addresses the challenges facing today's diabetes educators. The course provides a solid foundation of core knowledge and skills that diabetes educators need to deliver appropriate self-management training to their patients with diabetes. Participants receive 6.0 CE credits. Nurses, dietitians, pharmacists and other licensed health care professionals are eligible for the course.

More information about the Facilitating Behavior Change course can be found online.

More reports, resources and other information can be found on the UIHI website,
