SAMHSA Preventing Alcohol Use During Pregnancy Webinar

In the continuing effort to raise awareness about the dangers of drinking alcohol during pregnancy, and to highlight the 15th anniversary of International Fetal Alcohol Spectrum Disorders (FASD) Awareness Day, the FASD Center for Excellence will be hosting a webinar titled, "Preventing Alcohol Use During Pregnancy: Applying New Solutions to Ongoing Needs."
September 9, 2013 2:00 p.m. - 3:30 p.m. (Eastern Time)

Maternal and Child Health Bureau Adolescents and the ACA Webinar

This webinar from the Maternal and Child Health Bureau examines a trio of practical topics pertinent to adolescents and young adults in preparation for the Affordable Care Act (ACA) rollout. Provisions of the ACA make it imperative that confidentiality be meaningfully addressed for patients of all ages, but adolescents and young adults require special considerations because of sexual/reproductive health and mental health/substance use concerns.

Implementing the Affordable Care Act for Adolescents and Young Adults: Practical Considerations

September 11, 2013 1:00 p.m. - 2:30 p.m. (Eastern Time)

We R Native Suicide Prevention Month Contest

We R Native, a national multimedia health resource for Native teens and young adults created by the Northwest Portland Area Indian Health Board, is holding a contest in September for Suicide Prevention Month. This month’s contest invites AI/AN youth between 13 and 21 years to write a song, tell a story, create art, make a video or write message to express the following theme: We all face challenges. What makes you feel better when times get tough?

Contest Deadline: September 25, 2013

Find more information about the We R Native Suicide Prevention Month Contest online.

Primary Care Research Toolkit

This Toolkit for Building Primary Care Research in Community Health Centers, created by the Safety Net Infrastructure Initiative, contains audio-recorded modules with accompanying PDFs to provide community health center providers and staff with the basic foundation of knowledge, skills and tools to engage in research. Community health centers have the opportunity to develop research questions relevant to the population they serve, as well as translate evidence into practice.

Find more information about the Primary Care Research Toolkit online. You must create a free account on CES4Health to access the materials.
More reports, resources and other information can be found on the UIHI website, www.uihi.org
