**Resources**

**HIV/STD Advocacy Kit & Policy Guide for Native Organizations**

The 2012 Tribal HIV/STD Advocacy and Policy Guide was created by the Indian Health Service, with assistance from the Office of Minority Health Resource Center and the Northwest Portland Area Indian Health Board. While designed for tribal health advocates, this kit is also useful for other decision-makers and health advocates to help facilitate conversations about HIV/STD prevention strategies in your community.

Find the [HIV/STD Advocacy Kit and Policy Guide](#) online.

---

**Responsible Research Partnerships Fact Sheet**

The University of Washington's Center for Ecogenetics and Environmental Health offers a "Fast Facts" Responsible Research Partnerships Resource. This fact sheet includes information about elements of a responsible community partnership and respect for traditional knowledge. These "Fast Facts" can help researchers working with Indigenous communities move toward ethical and equitable research partnerships.
