Training

Implementation of Evidence-Based Nursing Lecture Webcast

The Rockefeller University Hospital and the Heilbrunn Family Center for Research Nursing will be hosting the 2014 Beatrice Renfield Lecture, delivered by Dr. Lily Thomas. The lecture will discuss the progression of evidence-based practice, its impact and the concept of improvement science in nursing. Findings from the initial phase of a study exploring the impact of cognitive load, interruptions and distractions on medication administration errors will be discussed.
Implementation of Evidence-Based Nursing: Implications for Leadership, Education, and Practice
March 5, 2014 6:00 p.m. - 7:00 p.m. (Eastern Time)

Conferences

International Meeting on Indigenous Women's Health

The University of New Mexico School of Medicine will be hosting the Third International Meeting on Indigenous Women's Health, "The Healthy Generations: Integrating Traditions and Science to Promote Well-Being." The meeting is designed to bring together speakers and participants to share knowledge about the many forces for health and well-being - where women work, live and receive care. In addition, the meeting will increase the ability to provide culturally competent care and increase capacity building and advocacy efforts.

March 5-7, 2014
Albuquerque, NM

Maternity Care and Infant Feeding in Indian Country Conference

The Breastfeeding Center at Boston Medical Center will be hosting the Maternity Care and Infant Feeding in Indian Country Conference. This one day conference will highlight maternity care and infant feeding in Indian Country, focusing on promoting breastfeeding at birth, through achieving Baby-Friendly hospital designation. The conference is free to individuals working in AI/AN health.

May 1, 2014
Albuquerque, NM

Resource

Report on the Health and Well-Being of American Indian and Alaska Native Children

The Indian Health Service developed a report, "The Health and Well-Being of American Indian and Alaska Native Children," which applies the 2007 National Survey Data on Child Health with an exclusive focus on AI/AN children. Child health indicators and data are presented with an attempt to mirror the Indian Health Service Areas and where sufficient, state level data was also made available.
