## Resource

### SAMHSA Substance Abuse Treatment Resource

Technical Assistance Publication (TAP) 33, Systems-Level Implementation of Screening, Brief Intervention, and Referral to Treatment, describes core elements of screening, brief intervention, and referral to treatment (SBIRT) programs for people with or at risk for substance use disorders. The TAP also covers SBIRT services implementation. TAP 33 provides general administrative and managerial information for SBIRT services, including effectiveness, implementation models, challenges and barriers to implementation, and cost and sustainability.

More information about the Systems-Level Implementation of Screening, Brief Intervention, and Referral to Treatment resource can be found online.
